### **About Us**

The McBeth Group International is a solutions oriented company that sees the world beyond the naked eye, with an unmatched ability to create new and distinctive solutions and the capacity to exceed the needs of our clients.

President and CEO, Vincent D. McBeth, brings over 26 years of government service that included positions as a White House Fellow to the President of the United States, Assistant to the Secretary of Veterans Affairs, Administrative Aide to the Secretary of the Navy, Special Assistant (Strategy) to the Chairman of the Joint Chiefs of Staff, and Special Assistant (Strategy) to the Chief of Naval Operations. He consults, advises, and influences decision-makers at the highest levels of government through his thorough analysis, innovative ideas, and detailed strategies.

Founded in Arkansas, The McBeth Group International hosts offices in Arlington, Virginia, Virginia Beach, Virginia, Little Rock, Arkansas, Dallas, Texas, and Houston, Texas.

## Addressing Your Execution Concerns

A minority-owned and service-disabled veteran-owned small business, The McBeth Group International is uniquely positioned and staffed to provide innovative strategies; tailored administrative and management services; information technology solutions; and, congressional relations. We team with the top service providers in the industry to provide strategic planning and solutions for to a broad customer base to include the national security decision apparatus, federal, state, and local government entities, major defense companies, and the private sector.

- VISION
- DETERMINATION
- MOTIVATION

We have the capacity to undertake the largest project worldwide. We constantly anticipate rapidly changing needs; we are highly competitive; and, we aggressively strive to expand our sector expertise. At the same time, we are sized to maintain flexibility, creativity, and an acute sense of loyalty to address your execution concerns.

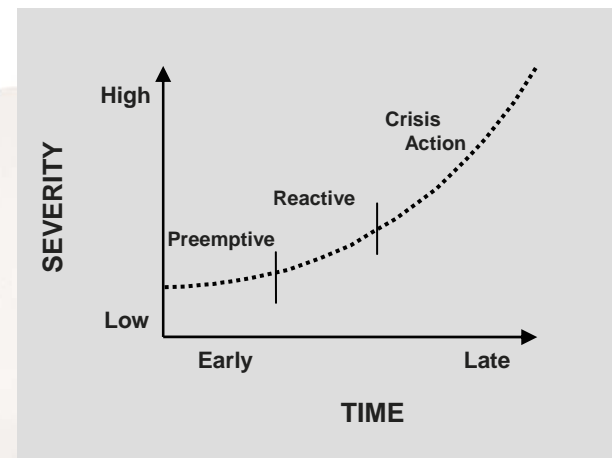

## Innovative Strategies Your Specific Challenges

The longer an organization waits to implement a corrective action, the more exacerbated the problem is likely to be. The McBeth Group International provides innovative strategy and technology solutions, and tailored professional services. We team with the top service providers in the industry to tailor solutions that address your specific challenges.

## Delivering Your Results

Our goal is to be the most reliable company with the best brainpower behind it to provide value-added services to our customers. Our growth-in-services strategy includes incubating smaller, independent businesses in the industry. This strategy expands our access to and network of expertise, while retaining single point accountability and project oversight to meet the specific requirements of each customer.

We provide timely and accurate professional, administrative, and management services based on thorough and expert analysis, innovative ideas, and detailed strategies to decision-makers at the highest levels. We trust our people and invest in their potential as much as we ask them to trust and invest in us to deliver your results.

## Meeting Our Standard – Exceeding Yours

Our team is committed to your success. We attract, retain, and develop exceptional associates who share our vision, determination, and motivation. We achieve excellence in every project we undertake — meeting our standard while exceeding yours.
